

SUFFRAGE ARGUMENTS ARE PRESENTED TO EL PASO AUDIENCE BY THE EQUAL FRANCHISE LEAGUE WITH A LOCAL CAST

THE "Jungle Woman," which has been looked forward to for some time by many in El Paso, was ably presented last night at the Old Fellows hall before a large audience. The "Jungle Woman" was interesting from the fact that it presented the arguments for suffrage. Many will listen to why they should support this cause if presented by such pleasing actresses as Miss Margaret Hines, Miss Katherine Griffiths and Miss A. Louise Dietrich. Miss Margaret Hines took the part of the ardent suffragist, while the other two played the part of the "Jungle Woman" who allowed nothing to come between her and the cause. Her work was convincing and earnest, and she took the part with dignity and poise. Miss Hines has a splendid stage presence and the interpretation of the role was handled with fine effect.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain milled coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get milled coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months—Adv.

The famous La Creole Hair Dressing really restores gray, streaked with gray, prematurely gray or faded hair to that even, dark color and luster your hair used to be. Unlike other hair preparations or dyes, La Creole restores the natural color glands to activity, so that after a few applications of La Creole to hair and scalp, you will be delighted to observe all your gray hair gradually turning dark and all your hair taking on that luster, freshness, softness and thickness and even, dark tone your hair used to have so that not even a trace of gray shows. Any druggist can easily supply you, or send prepaid for \$1. by Van Vleet Drug Co., Memphis, Tenn. La Creole also stops dandruff and falling hair, and causes new hair to sprout all over your head. Sold on a money-back guarantee—Adv.

had in mind while writing the lines. Her caustic humor and forceful acting was reminiscent of the followers of Mrs. Fankhurst that we used to hear about.

It is believed by many that Mrs. S. J. Pennell and Mrs. O. A. Critchett would make able actresses as they do workers for the cause of suffrage.

Mrs. Raymond Carrington had a small part, she handled it in the most professional manner.

Miss Griffiths danced a pretty skirt dance preceding the play. She wore an attractive costume of black and white and danced very gracefully.

Madam Mae Leerer sang most dramatically and for an encore sang "The Star Spangled Banner." It is hard to imagine the national anthem being sung with more spirit and enthusiasm.

Her expression and phrasing was different from the way it is generally heard and through her vivid and significant presentation it was given a new significance. Mrs. Warren Small accompanied her.

The others in the cast took their parts very capably. They were:

REBECCA STODDERT, chapter, Daughters of the American Revolution, met in the D. A. R. room at the Woman's club Monday at 4 p. m.

It was voted unanimously to use the money in the treasury for the purchase of Liberty bonds.

A committee of men from the Elks met with the women on the Flag Day committee, and plans were outlined to make this a most memorable patriotic day in El Paso.

The following resolutions were passed:

"Whereas, the government of the United States in its struggle to enforce the law in El Paso county, tends greatly to defeat the purpose of the government, has brought the good name of our city and county into disrepute, and the manufacture of liquor is a waste of grain needed for food; and

"Whereas, the local option law of Texas furnishes an effective means by which our citizens may rid themselves of this pernicious traffic, and stand with their country in all things that will help win the war;

"Therefore be it resolved by the Rebecca Stoddert chapter, D. A. R., that the citizens of El Paso county be and they are hereby called upon to take immediate steps to outlaw the liquor trade in El Paso county."

"Resolved further, that the citizens of El Paso county use all possible means to relieve our community from the other vices that tend to corrupt the youth and men who are defending our country."

Misses Helen Murdock and Helen Reading Give Fancy Dress Ball

A VERY brilliant and jolly masquerade dance was given Monday evening at Cottillion hall by two very charming and popular girls, Misses Helen Murdock and Helen Reading.

About 200 of the younger social set were present and not since last winter have such a variety of fantastic costumes been seen. In the moonlight gowns the rainbow colors and the soft lights created a scene of fairy like beauty. One enthusiastic guest said: "It looks like a big soap bubble." Long colored streamers were thrown from every conceivable angle and the effect was wonderfully pretty.

Marjorie Dick won the first prize for the most beautiful costume, which was very fancy and was made up of the colors yellow and white. Harland Irwin won the prize for the best costume for the boys; he wore a elaborately embroidered Chinese costume.

Among others noticed were: Dorothy Williams, Sienna, Willard Brown, Marion Calman, Frances Earle, Alaina Oradoff, Red Cross nurses.

Ned Smith and Clyde Sanburn, bride and groom.

CHINESE AT COLUMBUS GO TO CAMP AT SAN ANTONIO

The problem presented by the 526 Chinese refugees who followed the punitive expedition out of Mexico and have been interned at Columbus, N. M., has at last been temporarily disposed of by the Immigration authorities and the Chinese consular service acting in conjunction with the Chinese-Mexican association, which supplied funds for the transportation Tuesday of 450 from Columbus to an internment camp at San Antonio, Tex., where the Chinese have been promised work as household servants and laborers and in military camps. This information was given by a railroad officer.

Of the total number about 25 were eligible to entrance into the United States and about 41 men returned to China with their money back. The Chinese have been returning from time to time from the gulf districts. Most of the Chinese in the Columbus camp were in very straitened financial condition and had not the funds to enter the United States or to return to their home country.

JOSE OROZCO GETS PARDON; OCHOA AND HOLMIDAH HOPE

Jose Orozco, cousin of the late Gen. Pascual Orozco, who was sentenced to 15 months in Leavenworth federal penitentiary, together with Victor L. Ochoa and Emil L. Holmdahl, on a charge of conspiracy to violate the neutrality law, has been granted a full pardon by President Wilson and returned to El Paso Sunday. He is expected by friends of the prisoners that pardons will be granted to Ochoa and Holmdahl.

The three were tried in federal court here one year ago. It was charged that they conspired to start a military expedition into Mexico for the Carranza faction to combat the Villa forces in possession of Chihuahua.

RUSS APPEAL TO ALL SOCIALISTS FOR PEACE

Petrograd, Russia, June 5.—The council of soldiers' and workmen's delegates sent a long statement to the Socialist parties and central committees of trade unions of the world, repeating its appeal of March 23 to the peoples of the world to unite in resolute actions in favor of peace and in which it insisted on the basis of nations to decide their own destiny.

Acid stomachs are dangerous because too much acid in the stomach leads to gastritis accompanied by serious stomach ulcers. Food ferments and causes cramping and distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often afflicting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the acid out and blot right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Adv.

GAS IN THE STOMACH IS DANGEROUS

Gas and wind in the stomach accompanied by that full bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric (acid) in the stomach, creating so called "acid indigestion."
